Transportation - Rule 6020 Annual Report 2019

(CY 2019 – 2014)

This report as required by 4 CCR 723-6-6020 is submitted to the Public Utilities Commission and to the Director of the Commission and posted on the PUC website. Each section represents a separate line item of the report tied to the requirement. Report statistics are by Calendar Year (CY). The reason for CY reporting is related to rule 6020 (b) and (c) as gleaned from statistics reported by Common Carrier (Taxi, shuttles, etc.) annual reports filed by the carriers. Further, most readers understand data more readily on the CY versus the state Fiscal Year (FY) which is based on a July 1 through June 30 timeframe.

Important definitions to remember while reading this report include:

"Certificate of Public Convenience and Necessity", "Certificate", or "CPCN" means the Authority issued to a Common Carrier declaring that the present or future public convenience and necessity requires or will require the stated operation.

"Common Carrier" is a public utility as defined in § 40-1-102, C.R.S., and includes the obligation to indiscriminately accept and carry Passengers for Compensation. Common Carrier includes every Person directly or indirectly affording a means of transportation, or any service or facility in connection therewith, within this state, by Motor Vehicle; except that the term does not include a Contract Carrier as defined by § 40-10.1-101(6), C.R.S.; a Motor Carrier that provides transportation not subject to regulation pursuant to § 40-10.1-105, C.R.S.; a Limited Regulation Carrier defined by § 40-10.1-301, C.R.S.; a Large Market Taxicab Service defined by § 40-10.1-101(9.5) C.R.S.; and a Transportation Network Company defined under § 40-10.1-602, C.R.S.

"Contract Carrier" means every Person, who, by special contract, directly or indirectly affords a means of Passenger transportation over any public highway of this state; except that the term does not include a Common Carrier defined in § 40-1-102, C.R.S.; a Limited Regulation Carrier defined in § 40-10.1-301, C.R.S.; a Transportation Network Company defined in § 40-10.1-602, C.R.S.; or a Large Market Taxicab Service defined in § 40-10.1-101(9.5), C.R.S.

"Limited Regulation Carrier" means a Person who provides service by Charter Bus, Children's Activity Bus, Fire Crew Transport, Luxury Limousine, Medicaid Client Transport, or Off-Road Scenic Charter as those terms are defined in § 40-10.1-301, C.R.S. and rule 6301.

"Permit" means the Permit issued to: a Contract Carrier pursuant to part 2 of Article 10.1 of Title 40, C.R.S.; a Limited Regulation Carrier pursuant to part 3 of Article 10.1 of Title 40, C.R.S.; a Towing Carrier pursuant to part 4 of Article 10.1 of Title 40, C.R.S.; a Household Goods Mover pursuant to part 5 of Article 10.1 of Title 40, C.R.S.; a Transportation Network Company pursuant to part 6 of Article 10.1 of Title 40, C.R.S.; a Large Market Taxicab Service carrier pursuant to part 7 of Article 10.1 of Title 40, C.R.S.; a Hazardous Materials Carrier pursuant to Article 20 of Title 42, C.R.S.; or a Nuclear Materials Carrier pursuant to Article 20 of Title 42, C.R.S.

6020. Report by Commission Staff.

At least once every twelve months, or more frequently if requested by the Commission, the Commission staff shall provide a report to the Commissioners and to the Director of the Commission of the financial results (for Fully Regulated Intrastate Carriers), the operational performance of Motor Carriers regulated by these rules as well as the enforcement and compliance actions taken by Enforcement Officials. The first report is due July 1, 2019. The financial and operational report shall include the following:

- (a) number of existing and new Certificates and Permits (by type) issued in the current year as well as the previous four years by Type of Service and geographical area;
- (b) total amount of revenue as reported on the Annual Report for the current year and the previous four years for each Common Carrier as well as revenue in the main geographic areas of the state;
- (c) number of trips to Denver International Airport and revenue generated for the current year and each of the last four years for each of the Common Carriers or Contract Carriers or Large Market Taxicab Service providers;
- (d) total number of Motor Vehicle Identification Stamps issued for the current year and for each of the previous four years as well as the amount of annual revenue generated from the stamps;
- (e) the total number of UCR Plan registrations each year as well as the previous four years;
- (f) number of Authorities suspended, revoked, or abandoned in the current year and each of the previous four years and a summary of the reasons for such status;
- (g) number of Permits (but not Contract Carrier permits) expired, canceled, or revoked in the current year and each of the previous four years;
- (h) number of vehicle inspections conducted by Enforcement Officials in the current year and each of the previous four years by type (vehicles 10,000 pounds or less and 15 Passenger or less and Commercial Vehicles 10,001 pounds or more and 16 Passengers or more) and a summary of the types of deficiencies noted;
- (i) safety and compliance reviews for the current year and each of the past four years; investigations opened and closed;
- (j) number of CPANs issued (by type) and the amount collected for the current year and each of the previous four years;

- (k) refunds to customers for current year and each of the past four years;
- (l) violation warnings issued for current year and each of the past four years;
- (m) number of petitions for age waivers for each year and the previous four years, action taken by the Commission, and age of vehicles and mileage for petitions granted and denied;
- (n) recommendations as to what if any changes should be made to the current rules of the Commission; and
- (o) recommendations as to the priority for the type of enforcement actions for the next year.
- (p) The report shall be provided to each of the Commissioners and the Director and shall be posted on the website of the Commission.

(n) recommendations as to what if any changes should be made to the current rules of the Commission; and

Based on the recent transportation rulemaking in 17R-0796TR which went into effect on May 15, 2019 and the petition for rule change in 19M-0346TR, filed in June 2019, Staff will seek a determination from the Commission to accept the petition or to reject the petition. If accepted Staff recommends seeking comment from industry to determine if a rule making should be opened. The petition seeks relief from Rule 6110, Hours of Service regarding the 12 hours on and 12 hours off rule and Rule 6254 regarding Flat Rate Zones. Petitioner is seeking a rule change to allow taxi companies to operate on Rule 6110(b) which allows for 15 hours of on-duty time in any given day not to exceed 70 hour in eight days with no more than 10 hours driving time per day. If this rulemaking is opened, this would be an opportunity to address Commercial Vehicle inspections and petitions for age waivers as currently the rules establish a 15 year age limit without a waiver from the Commission.

On January 16, 2019, the Towing & Recovery Professionals of Colorado (TRPC) submitted a petition (19M-0049TR) requesting the Commission open a rulemaking regarding the Commission's Rules Regulating Tow Carriers, 4 CCR 723-6. On March 14, 2019 at the Commissioner's Weekly Meeting, the Commission denied the Petition.

In Decision No. C19-0267, dated March 25, 2019, the Commission (in its Decision to deny this Petition for Rulemaking), directed Staff to open a separate Miscellaneous Proceeding (19M-0140TO) for the purpose of gathering further industry comment and for Staff to conduct stakeholder meetings. The Commission expressed concerns, to include seeking further stakeholder input on whether it is appropriate to re-open these rules for amendment so soon after the last rulemaking (see Proceeding No. 16R-0095TO). An additional concern of the Commission included stakeholder input on comments citing different understandings (between the Tow industry and Staff) of existing rules and determination as to whether communication between parties can reach understanding or if it would require a rules amendment. On May 23, 2019, Public Utilities Commission Staff held a stakeholder meeting with interested parties at the PUC office. There were approximately 20 towing industry members present. Stakeholder dialogue continues as of this writing. Staff anticipates making a recommendation to the Commission to open a rulemaking to address the nineteen items listed in the TRPC petition.

Lastly, Staff anticipates using this consolidated data and other data to make reasonable determinations as to authority and permit costs to effectively man the PUC transportation sections in the future.

(o) recommendations as to the priority for the type of enforcement actions for the next year.

Staff recommends continuing its effort to identify and address illegal carriers (those without authority or permit and no insurances on file with the PUC) and to remain focused on the towing industry violations. In 2018, towing complaints comprised over 50% of all complaints received at the PUC as compared to all other industries combined. Given that the majority of complaints are from consumers involving the non-consensual towing of a personal vehicle, consumers need immediate relief when that vehicle is in storage accumulating storage fees. Staff remains focused on resolving those issues related to recovery of their vehicles to provide the owners some continuity to return to work or other needed use of the vehicle.

Note: Due to retirements and separations in the transportation enforcement branch (loss of 50% of personnel), staff is working with DORA HR to fill vacancies.
